Will Increase Purses At Cuban Racetrack

SARATOGA, Aug. 25.—The Cuba-America Jockey Club will give away more added money in stakes during the coming winter meeting at that track. Thomas Monahan, who has succeeded Charles A. Stonham as president of the association conferred with Frank J. Buren, general

manager, and Martin Nathanson, racing secretary, here at Saratoga and plans were made for a big season of racing at the beautiful Oriental Park course.

There will be no purse of less than \$700, and the majority of the daily purses will range in value from \$500 to \$1,500.

In the list of stakes offered is the Grand Prize of Cuba and the Cuban Derby, both at a mile and one-eighth and each for \$18,000 added. There are two stakes for Cuban-bred horses worth \$10,000 each and the Grand National Handicap for all ages of the same amount.

ond event. St. Allan closed stoutly and easily beat Servitor for the place. Mercury stumbled at the start and unseated L. Penman.

Walter J. Salmon's Hebey Baker out-gamed George W. Loft's Donnacona in the third race at a mile. Donnacona was the favorite and was ridden by Sande. Fator rode the winner, which was second choice. Donnacona broke

much better than usual, though he came out of the chute four or five lengths to the bad. Fator set the pace at the way, but Sande, outside the eight pole, succeeded in getting the favorite up to even terms. Donnacoona then proved himself a horse without a heart, for Hobeys is a well known quitter; this time he made Donnacoona quit.

Fator Wins Again

But the most startling upset of the afternoon's entertainment was when Sande, on Bunting, the 2 to 5 favorite, was again beaten badly by his buddy Fator, on the road. John E. Madden, the well known horse and harness man, said that the 1925 season's best year-olds went to the heat for the

five and a half furlong dash, among them My Play, the full brother to Man o' War. After breaking through the barrier several times, My Play was off winging, but Bunting, Runstar and Surf Rider soon overhauled him and left him far behind.

It was a fight among Bunting, Runstar and Surf Rider all the way and in the final drive weight told.

R. T. Wilson's Vendor, backed from 15 to 1 to 8 to 1, was pounds the best of a field of thirteen cheap two-year-olds in a race of six furlongs.

Vendor had to be content with second money because of Joseph Rowan's weak ride. The boy was shuffled into weak

the rack at the start and raced around the entire field all the way, yet his mount closed with such a rush he would surely have won had he not gone to the whip at the sixteenth. He would have won anyhow in another stride.

As it was, Dolman, which slipped through on the rail, just lasted to win by a scant nose. Sagacity, laid off Gallivant's pace to the stretch turn, then came away to win as he pleased from the favorite. These two were practically equal choices, though Gallivant was a slight favorite with most of the oracles at post time.

English Davis Cup Team Will Disband Shortly

BOSTON, Aug. 25.—The English lawn tennis team which came to this country as challengers for the Davis Cup is about to disband. Captain W. W. Knowsley, who is competing in the national mixed doubles championships at the national mixed doubles championships tournament at the Longwood Cricket Club, where he and his fellow players were eliminated in the early rounds of the national doubles title play, said to-day that he would return to England within a few days.

Mr. Lowe and A. W. Myers will stay over for a few more matches. Wooman said that the only thing left for the team as a body to do.
